Exclusive Technology

The Meshtec Advanced Screen System utilizes an exclusive manufacturing platform to deliver patent protected, high tensile strength, stainless steel screen security products that are easy to see through and almost impossible to get through.

While under tension, wires are woven into stainless steel mesh

Stainless steel mesh is cut, pre-treated, and powder coated

Mesh panels are secured in product frames with patented mechanical attachment systems

Ultimate Security

The patent protected technology of the Meshtec Advanced Screen System creates a whole new class of security products that meet or exceed the most stringent performance standards.

IMPACT

SHEER

PRY

Only products with Meshtec meet all 3 international security standards

No Tradeoffs, No Compromises

Titan products featuring the Meshtec Advanced Screen System deliver a complete set of benefits so you don't have to sacrifice anything to get the security you deserve.

Ultimate Security

Exceeds stringent cut, impact and jimmy resistance standards

Ventilation

Maximizes air flow without compromising security

Full View

Eliminates the need for security bars and panels

Fire Resistance

Resists flying embers and sparks

Pet Protection

Keeps pets safe and resists paws and claws

Insect Control

Provides the benefits of insect screens with security-grade strength

UV Protection

Blocks 60% of UV rays

Extend your warranty from 10 to 15 years by registering your product at titansecurity.com/registration

If your home is burglarized and entry was accomplished through a UHD security door, locked with the 3-point locking system, while this warranty is in effect, UHD will pay your insurance deductible up to \$1000 or replace, as applicable, the damaged UHD security door at no charge. (the "Home Protection Warranty").

Care and maintenance

Over time, airborne dust, dirt, and impurities can accumulate, which will cause visual defects to your Meshtec screen and, if not regularly and properly removed, can lead to further damage, staining, and corrosion. Your cleaning schedule depends upon your environment:

ENVIRONMENT	DESCRIPTION	CLEANING SCHEDULE
Mild	Inland, rural, and away from industry and urban activity	every 6 months
Moderate	Urban/suburban, inland, and away from heavy industry	every 3 months
Extreme	Urban/suburban, coastal (within 25 miles), or near heavy industry	every 2-4 weeks
